

Two Towns – One Book Celebrating our Thirteenth Community Read

2025 Community Activities

West with Giraffes
by Lynda Rutledge

“Few true friends have I known and two were giraffes...”

Woodrow Wilson Nickel, age 105, feels his life ebbing away. But when he learns giraffes are going extinct, he finds himself recalling the unforgettable experience he cannot take to his grave. It's 1938. The Great Depression lingers. Hitler is threatening Europe, and world-weary Americans long for wonder. They find it in two giraffes who miraculously survive a hurricane while crossing the Atlantic. What follows is a twelve-day road trip in a custom truck to deliver Southern California's first giraffes to the San Diego Zoo. **Inspired by true events, the tale weaves real-life figures with fictional ones, including the world's first female zoo director, a crusty old man with a past, a young female photographer with a secret, and assorted reprobates as spotty as the giraffes.** Part adventure, part historical saga, and part coming-of-age love story, *West with Giraffes* explores what it means to be changed by the grace of animals, the kindness of strangers, the passing of time, and a story told before it's too late"--Publisher.

Kids Read, Too!

This year's Two Towns – One Book title follows the experiences and moral choices that the main character, Woodrow, must make as he journeys across the USA to help wild giraffes get to their new zoo home. Each year our **Kids Read, Too!** Committee identifies related texts and activities to get our youngest community members involved and engaged. These texts relate to some of the themes in **West with Giraffes**. There will be an expanded list of tie-ins at all events. Happy Reading!
